RUN-SK RACE 01

DETTAGLI

PIEDE ANATOMICO: plantare anatomico per attutire l'impatto degli urti alla pianta del piede.

MORBIDO POLSINO ELASTICO: sistema "no stress" a antisfilacciamento per non ostacolare il flusso sanguigno.

RINFORZI: punta, tallone e soletta rinforzati in Poliammide per una maggior resistenza al frizionamento e un maggior comfort.

FIBRA MERYL®: microfibra morbida e avvolgente ad alto grado di traspirabilità e comfort.

ZONE TRASPIRANTI "REAL MESH": innovativa lavorazione che permette di creare dei veri e propri "fori" sul dorso e ai lati del piede che favoriscono la fuoriuscita del sudore con massima traspirazione. Queste sezioni aumentano notevolmente le qualità traspiranti della calza e mantengono il piede ad una temperatura ottimale anche durante l'attività sportiva.

DETAILS

ANATOMICAL FOOT: anatomical arch support for softening impact against the sole of the foot.

SOFT ELASTIC WRIST BAND: anti-fray "no stress" system so as not to hinder blood flow.

REINFORCEMENTS: toe, heel and footbed reinforced in polyamide for greater resistance to friction and better comfort.

MERYL® FIBRE: highly breathable and comfortable soft, enveloping microfiber.

"REAL MESH" BREATHABLE SECTIONS: innovative design creates "holes" on the top and sides of the foot, enabling sweat to wick away with maximum breathability. These sections considerably increase the breathable qualities of the sock and keep the foot at an optimal temperature even during sport.
